

March 2026

The Mobility Monthly

Mobility Monthly is brought to you by the UC MOVES Coalition.

UC MOVES is a collective of individuals who both live and work in our community. They are dedicated to providing safe, convenient, accessible, affordable, and efficient transit options for everyone in the area.

"I can't keep a job because my car keeps breaking down."

"I can't find a ride home from work after 5:00pm."

"I always have to ask for a ride. I feel like a burden."

"I can't afford insurance, let alone a car."

Union County Workforce Transportation Survey

UC MOVES Coalition is surveying Union County to assess the need for workforce transportation. The results will be used to determine the number of individuals who do not have reliable transportation on a regular basis to their job site.

Your feedback is critical to the future of workforce transportation in Union County.

This survey is confidential and does not collect any demographic data.

Just scan the QR code below to be directed to a short survey or click here!

Rethink Your Ride

Commute Smarter

Gohio Commute: A Robust Commuting Platform

Your commute to work can be so much more than fighting traffic. Gohio Commute, a program of the Mid-Ohio Regional Planning Commission (MORPC), will help you rethink your ride.

The Gohio platform equips commuters and companies with resources to help them explore the many commuting options available in Central Ohio. Take some time to explore the different ways you can commute, and how your ride can improve your health, save you money, and even help you be more productive.

No matter how you go, Gohio Commute can help you find a smarter way!

To learn more, watch this short video!

MORE

EMERGENCY RIDE HOME PROGRAM

The MORPC Emergency Ride Home (ERH) program is a free service that assures commuters taking alternative modes of transportation to and from work won't be stranded in the case of an emergency, illness, or unexpected overtime. It's a foolproof benefit meant to ease the minds of commuters who carpool or vanpool, bike, or take the bus to work, and need to get home quickly.

The program is now allowing registered users to take their emergency rides with the licensed rideshare provider of their choice (Uber, Lyft, or a taxi provider). Users will pay for the ride up front and be reimbursed via a mailed check within 4 weeks after uploading their receipt on gohiocommute.com/morpc.

Learn more at morpc.gohio.com/erh

A woman with dark curly hair, wearing a denim shirt, is smiling and looking towards the camera. She is sitting in the passenger seat of a car, with other passengers visible in the background.

**SIGN UP FOR

Legends Lift & Transport is a local family-owned business that opened in 2020.

We began our partnership with Union County Human Services in 2021 and have continued this partnership to the present day, and we look forward to continuing our service to the county for years to come.

Our company provides wheelchair accessible and non-wheelchair accessible transportation for a wide variety of individuals. At Legends Lift & Transport, we are very passionate about helping the underserved residents outside of the city limits in the more rural areas of Union County. Our company and its partners live in a rural area of the county and know the struggle of not living within city limits and the barriers and limitations this can place on residents, especially those with mobility difficulties.

Being a family-owned business is very important to us, and we think that it shines through to our clients with the care and personal relationships we build with each other. We use the term clients loosely; many have become more like a second family to us, as many of these individuals we see almost every day. We are proud to know our family provides such a positive and powerful impact on these individuals' lives, not only through our transportation services but through the relationships we build with them.

If you or a loved one is looking for local and reliable transportation, please reach out to our company to get scheduled! Our office hours are Monday-Friday, 8:00 AM-4:00 PM, but we do provide transportation outside of those hours if set up in advance.

Our office number is (937) 358-2024.

2025 Golden Nugget Award

Equal **Access** Transportation

Promoting independence for people with developmental disabilities through increased community access.

The Golden Nugget Award was established in 2022 to be awarded to a Union County transportation provider who goes above and beyond to support the community in transportation needs. The 2025 recipient was voted upon by UC MOVES Coalition members to allow for their voices to be heard.

The nominations for Equal Access Transportation focus on their dedication, flexibility, and willingness to accommodate clients.

- **Honest and Accommodating:** The provider is described as honest and pleasant to work with, willing to go "the extra mile to ensure someone can get where they need to go."
- **Flexible and Consistent:** They are noted for being "flexible, consistent and reliable."
- **Willingness to Work with Lower Rates:** They have shown a willingness to work with local funding individuals, which involves a lower transportation rate that many other providers avoid.
- **Dedicated to Client Service:** They are "eager to serve and please," and are dedicated to their clients even during reschedules or no-shows from other agencies. They are willing to "work outside the box to provide dependable services."

A word from Equal Access Transportation:

"Equal Access Transportation is a small company, but we are mighty! We are made up of employees who have either had extensive experience working with people who have been diagnosed with developmental disabilities or who have family with disabilities (and sometimes both).

Our goal is to help lift the marginalized from poverty through access to jobs, limit isolation from needed resources and treatment, and provide access to social venues to reduce loneliness. Another goal of the company is to enrich the lives of employees by making their position a career and not just a job; we can't pay executive wages, but we offer a reasonable rate of pay, flexibility, kindness, and shared esteem. Equality is in our title for a reason; we always treat passengers with equal respect, kindness, and consideration for their individual needs. Currently, we work with the Union County Board of Developmental Disabilities exclusively, but we are working to expand so we can offer services to other Union County residents in need. Watch for our drivers, as we help bring Union County transportation resources up to scale."
